

Affiliation Policy

Spelling of the BZKF in all publications

Bavarian Cancer Research Center (BZKF)

Indication of multiple institutional affiliations

If you are affiliated with more than one institute, please also list the BZKF.

e.g. **name** ^{1,2}

¹ **Bavarian Cancer Research Center (BZKF)**, indication of location (optional)

² other institution

The BZKF location may be specified individually by the author.

Example: Bavarian Cancer Research Center (BZKF), **Augsburg**, Germany.

Addressees - The affiliation policy is binding for ...

- » ...Publications resulting from the work of a BZKF group (e.g. study, working, lighthouse or translational research group) or BZKF staff in the BZKF infrastructure.
- » ...Authors who are (co-)financed from BZKF funds, the BZKF Board of Directors, the local BZKF coordination teams and the BZKF Young Scientist Fellows.

Addressees - The affiliation is optional for...

- » ...Publications in the field of oncology by authors who are affiliated with a university or university hospital of one of the six BZKF locations.

Research Funding Acknowledgement

Please use following format to denote the project or externally funded context your publication originated from:

This project has received funding from the Bavarian Cancer research Center (BZKF) and support from the BZKF study group XY / BZKF translational research group XY / BZKF lighthouse XY / BZKF working group / BZKF trial XY / ...

Mentioning the BZKF in social media
